

As the April 6th Consolidated election approaches, I want to introduce you to a talented slate of individuals for Winfield Township office: **Maury Goodman, Judith M. Lukas, and Shawn Patrick Hacker**. Winfield Township includes parts of Warrenville, West Chicago, and Winfield. This slate is running against entrenched Republican incumbents who have mired Winfield Township in one-party rule for generations. I am asking for your help to make sure that we change that this year!

First, please join me in supporting Maury Goodman, my friend and Democratic candidate for Winfield Township Supervisor. Maury is:

- an emeritus scientist at Argonne National Laboratory,
- a former five-term Alderman in Warrenville, and
- Warrenville's former Finance Chairman, who balanced budgets every year with no property tax increases.

Also, please join me in supporting Judith M. Lukas and Shawn Patrick Hacker, both candidates for Winfield Township Trustee. Judith and Shawn will bring energy, compassion, and valuable new experiences to Winfield Township government.

- Judith is a nurse, and former postal worker, who is active in the community.
- Shawn is a union carpenter, former firefighter, and Cub Scout program leader.

This talented group will bring new voices to Winfield Township government, and you can read more about them here: <http://winfield.dupagedemocrats.org/>

The current one-party rule in Winfield Township has gone on too long, and with the changing voter trends across DuPage County this race is winnable, maybe for the first time ever. This Democratic slate plans to revamp the budget, ensure accountability, and improve transparency for Winfield Township.

Please join me in supporting Maury, Judith, and Shawn, by voting by April 6th! Early voting has already begun so [make a plan to vote](#). Turnout is often low in consolidated elections, but with your vote we will flip Winfield Township from red to blue.
